

Instructions for Form IT-204 Partnership Return

IT-204-I

Changes for 1990

- Beginning with the 1990 tax year, if you were a partner and changed your New York resident status during the taxable year, you must determine your distributive share of partnership items of income, gain, loss or deduction according to your resident status when the taxable year of the partnership ends.
- If the Internal Revenue Service issues a final determination that changes a New York partnership's income, gain, loss or deduction, or if the partnership files an amended federal return, the partnership must file an amended Form IT-204, *New York State Partnership Return*.
- Effective on or after July 1, 1990, if a partnership fails to file the required amended return or fails to submit the required partner information, the partnership will be subject to a penalty of \$50 per partner per month or fraction of a month, up to a maximum of five months.
- Paid preparers may be subject to a penalty of \$50 per return or claim for refund for failure to comply with certain requirements.

Purpose of Form

Form IT-204 is used to report income, deductions, gains, losses and credits from the operation of a partnership for the calendar year 1990 or other fiscal year beginning in 1990. All items reported on Form IT-204 or on attachments to it are subject to verification, audit and revision by the New York State Tax Department.

Penalties

Partnership — A penalty is imposed against the partnership if the partnership is required to file a partnership return and (1) fails to file the return on time, including extensions, (2) files a return that fails to show all the information required, or (3) fails to file an amended partnership return within 90 days of the date the final federal determination or disallowance is issued or when the federal amended partnership return is filed, unless the failure is due to reasonable cause and not due to willful neglect.

The amount of the penalty for each month or fraction of a month (for a maximum of five months) the failure continues is \$50 multiplied by the total number of persons who were partners in the partnership during any part of the partnership's tax year for which the return is due. In counting the number of partners for purposes of this penalty, include only those partners subject to tax under Article 22 (relating to the New York State personal income tax).

Failure of paid preparers to comply with requirements - A penalty of \$50 per return or claim for refund will be assessed a paid preparer for failure to comply with any of the following requirements:

- failure to sign the tax return or claim for refund;
- failure to include the identifying number of the paid preparer (if an individual paid preparer is an employee of an employer or a partner in a partnership that is a paid preparer, the return or claim for refund must also include the identifying number of the employer or partnership);
- failure to furnish a completed copy of the tax return to the taxpayer not later than the time the return is presented for the taxpayer's signature;
- failure to keep a completed copy of the return prepared for each taxpayer or to keep the name and identification number of each taxpayer for whom a return was prepared on a list and to make the copy or list available for

inspection upon request. The period for retaining a completed copy of the return or information on the list is three years after the due date of the return (without regard to extensions) or three years after the date the return was presented to the taxpayer for signature, whichever is later.

For each of the requirements listed above, a paid preparer may be subject to a maximum penalty of \$25,000.

City of New York Unincorporated Business Tax

These instructions apply to the New York State partnership return only. They do not apply to the New York City unincorporated business tax, which is administered by the New York City Department of Finance, 25 Elm Place, 3rd Floor, Brooklyn, NY 11201.

City of Yonkers Nonresident Partner Allocation

Every partnership doing business in Yonkers and having a partner who is a nonresident of Yonkers must complete Form Y-204, *City of Yonkers Nonresident Partner Allocation*, and show the nonresident partner's distributive share of net earnings from self-employment.

Who Must File

Partnerships are not subject to personal income tax. But every partnership (1) having a partner who is a resident of New York State or (2) having any income from New York State sources must file a return on Form IT-204 regardless of the amount of its income.

Income from New York State sources includes:

1. income attributable to the ownership of any interest in real property or tangible personal property located in New York State and intangible personal property to the extent it is used in a business, trade, profession or occupation carried on in New York State, and
2. income attributable to a business, trade, profession or occupation carried on in New York State.

A partnership carries on a business, trade, profession or occupation within New York State if (1) it maintains or operates an office, a shop, a store, a warehouse, a factory, an agency or other place where its affairs are systematically and regularly carried on, or (2) it performs a series of acts or transactions with regularity and continuity for livelihood or profit, as distinguished from isolated or incidental transactions.

If a nonresident is a member of a partnership that carries on business (as defined above) both in and out of New York State, complete Part IV of Schedule B to show the allocation to New York State of the nonresident partner's share of income and deductions.

Certain publicly traded partnerships and associations, which previously filed Form IT-204, are treated as a corporation pursuant to Internal Revenue Code section 7704.

If you have purchased or renewed a taxable insurance contract from an insurer not authorized to transact business in New York State, you must complete Form CT-33-D, *Tax on Premiums Paid or Payable to an Unauthorized Insurer on Risks Located Within New York State*. This return must be filed within 60 days after the end of the calendar quarter in which the contract was purchased or renewed.

If you purchase or renew a taxable insurance contract from an insurer not authorized to transact business in New York State under a Certificate of Authority from the Superintendent of Insurance, you will be liable for a tax of 3.6% of the premium. (See Form CT-33-D and TSB-M-90(9)C for more information.)

When to File

Returns for calendar year 1990 are due April 15, 1991. Fiscal-year returns are due the 15th day of the fourth month after the end of the tax year.

If a partnership is terminated and completely liquidated during its normal taxable year, resulting in an accounting period of less than 12 months for federal income tax purposes, the return is due the 15th day of the fourth month after the end of the accounting period.

Use the same accounting period and method for Form IT-204 as you use for federal income tax purposes. If you change your partnership's tax year or accounting method for your federal return, do the same on your *New York State Partnership Return*.

Extension of Time to File

If you need more time to file a partnership return, file Form IT-370-PF, *Application for Automatic Extension of Time to File for Partnerships and Fiduciaries*, by the due date of the partnership return. Federal Form 8736 is acceptable in lieu of Form IT-370-PF. Federal Forms 2758 and 4868 are not acceptable substitutes.

If you have filed Form IT-370-PF and still need more time, use Form IT-372-PF to request up to an additional three months to file.

Attach a copy of the federal report of examination changes.

If the partnership fails to file the required amended return or fails to submit the required partner information, the partnership will be subject to a penalty.

An amended New York State partnership return must also be filed to correct any error on the original New York State partnership return, whether or not an amended federal partnership return was filed for that year.

Specific Instructions

Attach federal Form 1065, Schedule K-1 and all supporting attachments to Form IT-204.

However, if the partnership conducts business entirely outside of New York State, copies of federal Schedule K-1 are required for all resident partners only. Attach a statement to your return indicating that:

- There is no income derived from New York sources by the partnership;
- All other partners of the partnership are nonresidents of New York State;
- There are a total of _____ nonresident partners;
- If at any time in the course of an audit it is deemed necessary to have copies of Schedule K-1 for nonresident partners, such information will be available for submission.

All information on Form IT-204 should be for the calendar year January 1 through December 31, 1990, or for the fiscal year of the partnership. If filing for a fiscal year, enter the month and day the tax year began, and the month, day and year that it ended at the top of the front page.

Name and Address Box

Enter in the spaces at the top of the return the exact legal name, trade name, if any, and address of the partnership. The legal name is the name in which the business owns property or acquires debt. Enter the trade name or d/b/a (doing-business-as) name if different from legal name. Also enter the business's employer identification number, principal business activity and date the business was started. Answer questions A through F.

If you checked the **Yes** boxes for both questions A and B, see *Real Property Transfer Gains Tax*. For question E, enter the number of partners in the partnership during any part of the partnership's taxable year who were also subject to the New York State personal income tax under Article 22 of the Tax Law during any part of that tax year.

If you have any other New York tax accounts, check the appropriate boxes on lines 1 and 2 of question F and enter the identification number(s).

Real Property Transfer Gains Tax

Section 1449-a of Article 31-B of the Tax Law requires every partnership with an interest in real property located in New York State to keep a record of and report annually every transfer or acquisition of a *controlling interest* in the partnership.

A *controlling interest* is 50% or more of the capital, profits or beneficial interest in the partnership.

If you checked the **Yes** boxes for both questions A and B, attach a statement giving complete details including:

- name, address and identifying number of partner(s) (transferee) who acquired the controlling interest;
- name, address and identifying number of partner(s) (transferor) who transferred an interest;
- date of acquisition by the transferee, and
- amount of consideration paid by the transferee to acquire the controlling interest.

Schedule A

Complete Part I if the partnership carries on business both in and out of New York State. Enter the exact location of each place where the partnership carries on business; describe each place (e.g., branch office, agency, factory, etc.), and state whether it is rented or owned by the partnership.

Complete Part II if the partnership carries on business both in and out of New York State but does not maintain books and records from which the New York business income can be determined.

Part II must still be completed even though it may not fairly and equitably reflect the income from New York, and an authorized alternate allocation method is used. A detailed explanation of the authorized alternate method used to determine the New York income must be attached, together with full details of any *changes* increasing or decreasing the amount of New York income computed by the authorized alternate method.

Property percentage

Figure the average value of real and tangible personal property connected with the partnership by completing lines 1, 2 and 3.

Line 1 Real property owned

Enter in column A the average value of all real property owned by the business. Enter in column B the average value of real property located in New York State.

The average value of the property is determined by (1) adding its fair market value at the beginning of the taxable year to its fair market value at the end of the taxable year and (2) dividing by two.

Line 2 Real property rented from others

The value of real property rented to the business and to be included in line 2 generally is eight times the gross rent payable during the taxable year for which the return is filed. *Gross rent* includes: any amount payable for the use or possession of real property, or any part thereof, whether designated as a fixed sum of money or as a percentage of sales, profits or otherwise, any amount payable as additional rent, or in lieu of rent, such as interest, taxes, insurance, repairs or any other amount required to be paid by the terms of a lease or other agreement; and the cost of any improvement to real property made by or on behalf of the business that reverts to the owner or lessor upon termination of a lease or other arrangement. However, if a building is erected on leased land by or on behalf of the business, the value of the building is determined in the same manner as if it were owned by the business.

Line 3 Tangible personal property owned

Enter in column A the average value (determined in accordance with the instruction for line 1) of all tangible personal property owned by the business. Enter in column B the average value of tangible personal property located in New York State.

Line 4 Property percentage — Add lines 1, 2 and 3 in columns A and B and enter each total on line 4. Divide the column B total by the column A total and carry the result to four decimal places. For example, if the total in column A is \$15,000 and the total in column B is \$10,000, divide \$10,000 by the \$15,000 and enter the result (.6667) as a percentage (66.67%) in column C.

Line 5 Payroll percentage — The amounts to be entered on line 5 include wages, etc., paid only to **employees** of the partnership. Do not include payments to independent contractors, independent sales agents, etc. Enter on line 5 in column A the total of such pay to employees during the taxable year for partnership operations carried on both in and out of New York State. Enter on line 5 in column B the amount of that pay for operations carried on in New York State. Operations are considered to be carried on in New York State if the employee works in or travels out of an office or other place of business located in New York State. If in Schedule B, line 13, you subtracted an amount based on wages not allowed because of the federal targeted jobs credit, this change should be reflected here in wages and salaries paid during the year. Divide the column B total by the column A total. Carry the result to four decimal places and enter it as a percentage in column C.

Line 6 Gross income percentage — The amount to be entered on line 6 in column A is total gross sales made, or charges for services performed, by the partners or by employees, agents, agencies or independent contractors of the partnership in and out of New York State. The amount to be entered on line 6 in column B is the part of total gross sales or charges that represents sales made or services performed by or through an agency in New York State. This includes sales made or services performed by employees, agents, agencies or independent contractors situated at, connected with or sent out from offices of the partnership (or its agencies) located in New York State. For example, if a salesman working out of the New York office of the business covers the states of New York, New Jersey and Pennsylvania, all sales made by him are to be allocated to New York State and included on line 6 in column B. Divide the column B total by the column A total. Carry the result to four decimal places and enter it as a percentage in column C.

Signatures

A general partner must sign Form IT-204.

Anyone you pay to prepare the partnership return must also sign it and fill in the other blanks in the paid preparer's area of the return. The preparer required to sign the partnership return must sign it by hand; signature stamps or labels are not acceptable. If someone prepares the return and does not charge you, the paid preparer's area should not be filled in.

Paid tax return preparers should get Publication 50, *Information for Paid Preparers of New York Income Tax Returns*, for more details.

Schedule B

Complete Part I, Part II, and Part III for all partners who were members of the partnership during any part of the taxable year.

You must complete Part IV for each nonresident partner where the partnership conducts business in and out of New York State and the partnership's allocation percentage to New York State is less than 100%. The nonresident partners' New York amounts are computed using the appropriate allocation method as explained in the following section.

Nonresident partners' allocation

A nonresident member of a partnership must include in the partner's individual New York State income tax return the partner's distributive share, for federal tax purposes, of items of partnership income, gain, loss, deduction and tax preference items derived from or connected with New York State sources that is (a) from real or tangible personal property having an actual situs in New York State, or (b) from a business, trade, profession or occupation carried on in New York State.

Enter in Part IV the items of partnership income, gain, loss and deduction to be reflected in the partner's individual New York return. A partnership

carrying on business in and out of New York State that maintains books and records from which the New York income of the business can be determined will enter in Part IV the nonresident partner's distributive share of partnership items derived from New York State sources as determined from the books of account. However, amounts attributable to real property located in New York are 100% reportable by a nonresident partner and amounts attributable to real property located outside New York are not reportable by a nonresident partner (attach computation). (See *Special statutory limitations* on this page.)

A partnership carrying on business in and out of New York State that does not maintain books and records from which the New York income can be determined will use the *business allocation percentage* computed at line 8, Part II of Schedule A, or an authorized alternate method, to determine the portion of the nonresident partner's share of any item that is derived from or connected with New York sources (with the exception of the real property items).

The amount shown under the nonresident partner's name (Part IV) for any item of income or deduction entering into the computation of total federal income must be included in the amount shown in the appropriate column(s) of Form IT-203 and is part of the partner's total income from New York sources.

Partnership deduction items not entering into the computation of federal adjusted income are to be reflected on Form IT-203, page 2, lines 32 through 45 as if the partner were a resident and would be 100% reportable (providing the New York standard deduction is not claimed).

Special statutory limitations on partnership agreements:

Regardless of any provision in the partnership agreement, a nonresident partner is not permitted to treat as non-New York income a greater proportion of the partnership income than the percentage of income of the partnership from non-New York sources. In addition, the partner is not permitted to claim a greater proportion of losses or deductions connected with New York sources than the partner's share of losses or deductions generally.

The characterization in a partnership agreement of payments to nonresident partners as salary, or as interest for the use of capital, does not affect the determination of whether such payments are derived from New York sources.

Nonresident partners must enter on their individual return the amount for adjusted gross income items only determined from the partnership's books and records or enter the amount multiplied by the *business allocation percentage* from Schedule B or the amount computed using an authorized alternate method.

Show the nonresident partners' share of specially allocated items on a separate schedule. Follow the same format used for Part IV.

Part II - Partners' shares of New York modifications to federal items

Any of the listed modifications are to be added to or subtracted from each partner's federal adjusted gross income or federal itemized deductions on the partner's New York State income tax return in arriving at the partner's total New York income and New York itemized deduction, respectively.

Use lines 9 through 13 to list only those changes that apply to total federal income on the individual returns of partners.

Enter all income and unincorporated business taxes (including New York City income and unincorporated business taxes) that were deducted

It also must be made for property placed in service outside New York State in taxable years beginning after December 31, 1984 (including property on which ACRS depreciation was figured in accordance with the Federal Tax Reform Act of 1986), except for property subject to the provisions of section 280F of the Internal Revenue Code (such as luxury automobiles). In the case of a partnership that is on a fiscal-year basis and is using ACRS to determine the deduction, the amount of the modification for the partners will be their distributive share of the deduction determined as of the end of the partnership year ending within the partner's taxable year. Also see the instructions for line 12.

Line 11 Other additions —

Identify by item number on a separate schedule any of the following additions that apply to each partner's distributive share of partnership income and enter the total of these additions that apply to each partner in the proper column on line 11.

A-11 Safe harbor leases — Any amount that would have been included in the partner's distributive share (except for mass transit vehicles) had the election under section 168(f)(8) of the Internal Revenue Code, as it was in effect for agreements entered into before January 1, 1984, not been made (section 612(b)(24) of the Tax Law).

A-12 Accelerated cost recovery property — year of disposition adjustment — In the year that the partnership disposes of property, the amount by which the total depreciation allowed for New York State purposes is greater than the total federal deductions on that property (including ACRS depreciation figured in accordance with the Federal Tax Reform Act of 1986) (section 612(b)(27) of the Tax Law). Use Form IT-399, *Depreciation*, to figure the adjustment. See subtraction S-17.

A-13 Tax on petroleum businesses — The amount of gross receipts tax imposed before June 1, 1990 on petroleum businesses under Article 13-A of the Tax Law that was deducted in figuring each partner's distributive share of partnership income (section 612(b)(28) of the Tax Law).
