Instructions

Form PT-200 must be filed for each quarterly period. Monthly filers must use Form PT-100 and Form PT-106 or Form PT-104.

If you do not receive the proper forms covering a tax you owe, call the forms and publications number listed under the *If you need help* section near the end of these instructions.

If you are an exempt organization that has established its status as an exempt organization under section 1116(a) of the Tax Law, and any product that you import into New York State is consumed exclusively by you, then you are not subject to the Article 13-A tax on petroleum businesses. Check the appropriate box and do not compute a tax liability on any line in Column B of Form PT-200.

Form PT-200, *Quarterly Petroleum Business Tax Return of a Retailer of Heating Oil Only and a Distributor of Kero-Jet Fuel Only*, must be filed by all retailers of heating oil only and distributors of kero-jet fuel only who are otherwise not required to be registered as distributors of motor fuel, distributors of diesel motor fuel, residual petroleum product businesses or liquified petroleum gas fuel permittees. This return recaps the amount of the various taxes computed on Forms PT-201 and PT-202 and is used to determine the total amount due including any appropriate penalty and interest.

Changes in Business Information - Make changes to any incorrect preprinted information shown on the label. In addition, any changes in your business name, ID number, mailing address, business address, telephone number or owner/officer information must be reported on Form DTF-95, *Change of Business Information*. To obtain the form, call the forms and publications number listed under the *If you need help* section near the end of these instructions.

Type of Filer - Indicate by checking the appropriate box(es) in the left-hand column on the front of the return the type of petroleum product you are registered to deal in. Enter your registration number. You must attach the appropriate Form PT-201 or PT-202 for each box checked.
